

## 2018 Arrow North Brushing Q&A

Q: Looking for info on start date and completion date.

Brushing usually gets started late may / early June. Ideally we want to treat a site during "full leaf out". Completion has to be done before snow fall onsite.

Q: (TSL A84809-3) Will a key be available to open the gate to do the brushing in the spring or will the unit only accessible by quad even then.

A key will be made available to open the gate and access TSL A84809-3 for viewing and at the time of treatment.

NOTE: A bid can be rejected by BCTS if the contractor does not meet the specifications in the Conditions of Tender.

Please see BCbid for Maps including Locations Maps for each unit. I strongly urge anyone interested in the 2018 Arrow North brushing that they view the blocks.
